

19 March 2020

Dear Parents / Carers

**Coronavirus update 19/03/2020**

Further to my communication of yesterday.

We are expecting Years 7 to 10 in as normal tomorrow in full uniform and in lessons. We will be holding assemblies with each Year group throughout the day, and handing out guidance and work for the upcoming weeks.

We are obviously very disappointed with regards to the summer examinations for Year 11. We met with them all today, and it was great to see so many of them in College.

We have informed them that we still intend to have a Prom next year and that leavers hoodies will still go ahead also.

However, we are still having to manage and run the College with significantly less staffing than normal. Hence we are asking Year 11s to stay off school tomorrow, to allow us to bring Year 10 back into school so they can collect the work required during our closure. I recognise that this is not an ideal way to finish College, however these are very unique circumstances and we appreciate your support.

I will write further tomorrow to parents and Carers.

In line with the Governmental guidance issued yesterday, we are planning to remain open to the children of key workers over the next few weeks and beyond. We are currently working on the logistics of this and I will have more detailed information about this tomorrow.

The situation continues to change and we will continue to communicate with parents throughout the shutdown period.

Yours faithfully

Daniel Baxby  
Principal
