

18 March 2020

Dear Parent/Carer

Coronavirus update 18/03/2010

Following Gavin Williamson's announcement this evening, we now have confirmation that the College will be closing at the end of the week.

We will now be following our plans made for this eventuality, and you will receive a full overview of them tomorrow.

Obviously, the second announcement is about the cancellation of exams for our Year 11 students. Whilst I am disappointed for them and the hard work they have put in over the last year in particular, I am not sure that many will be as disappointed! We await further information on how grades will be awarded as a result.

In order to ensure that all students have the books and resources they need for this period of time, I am asking that Year 10 students return to College on Friday so that we can support them properly in the weeks ahead. I would ask all students to bring in a proper school bag or other bag, for the work they will be collecting.

This situation is obviously unprecedented, but please be assured that we are doing all we can to support your child both now and over the weeks to come.

Yours faithfully

Daniel Baxby
Principal
