Did you know that for the skills and abilities listed as required by Employers above, you need to ensure you are giving examples of how you have demonstrated these in previous roles?

To help make this clear to future employers, many of these skills and abilities have qualifications you can undertake to either give you hard evidence of your skills, or help you to develop skills and abilities you don't have

Highlights: What we've done

How many outcomes have we helped achieve?

From March to December 2021, we have helped 754 people back into work, and 248 people to progress with a qualification...

1002 people in total in 9mths!

Our customer feedback

(Sept – Nov 2021; 94 anonymous survey responses)

Customers satisfied – 100%

Customers motivated – 97%

Customers recommendation – 100%

Comments from our customers:

“I came away with much more knowledge of what I needed to do”

“**[Advisor] has done wonders for my confidence in the job market.**”

“Very quick in picking up my requirements and making relevant suggestions”

“**I now have a larger idea of where to look for training, experience etc**”

“**[Her action plan for me will] provide focus and motivation**”

“Was very helpful and went through different options which would suit my problem”

We have some exciting new initiatives and partnerships coming in 2022 that will enable us to develop further the information provided above, and expand on the information above too.

We want to support more people to develop themselves, their prospects & their careers in 2022 and we will keep looking for and being open for opportunities to do so with the very qualified, very experienced and very local Careers Advisors we have in our team

If you would like to find out more about the information on this newsletter or how we can support you, your employees, your customers, your organisation, please get in touch.

Happy New Year from us all!
